## About IKON

iKon by ESSCON is an enterprise specializing in aesthetic and efficient utilization of spaces environmental beautifications. A design concept with a distinct style of its own, it believes in experimenting with various forms and lighting, to create interest and enhance visual appeal. The themes are fresh and innovative and the designed are abstract and contemporary. With spaciousness as the most important building block, it promotes a feeling of floating through effective planning and visualization. The group not only uses hues and tones of colors, materials and texture for decorative purpose but also as a key to balance the spaces available. In tune with the international standards, it is supposed by the expertise of experienced consultants in related fields.

iKon by ESSCON believes that the success of any individual or a group depends on professionalism in work, time management and quality of workmanship. With commitment, dedication and loyalty, it now aims at widening its scope of work and creating a comfortable, stress-free environment.

## Our Vision

To be a leader in providing innovative solutions to our home using emerging technologies and translating them into value for the global market. At iKon World by ESSCON, we strive to lead in the invention, development and manufacture of the industry's most advanced systems. Always moving towards a best quality product, a biz - friendly environment that helps create customer bliss worldwide.

## Our Mission

Our mission is to create value for our clients by developing integrated solutions to address client business models. As we are young and small yet rich in experience, we can be both cost effective and efficient in the work we do.
